

**It's time to experience a **Newer Technology, Quicker Prototyping & Better Quality!****

**Keep your eyes 👁️  
Open! Direct Metal  
Printing – Advanced  
Technology**

To continue being your best partners for Rapid Prototyping, **Magna Digitech** is entering into the metal printing domain leveraging a **newer** technology – first of its kind in India & you are going to love it!

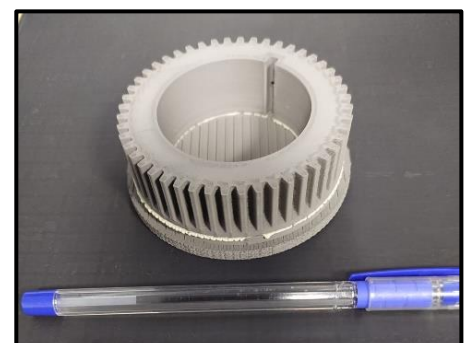

Enabled by a state-of-the-art technology, your parts can be printed directly from the CAD files, eliminating the need for hard tooling and can achieve part densities of up to **98 %** - Better than cast parts!

**Our Team is all geared up & it is Being Commissioned right now!**

**Build Size - 300x200x200 mm**

**Materials Available -**

- ✓ 17-4 Stainless Steel
- ✓ 316L Stainless Steel
- ✓ H13 tool steel
- ✓ 4140 steel

**Please stay tuned for more information!**
